

**Jennifer King Senior Clinical Psychologist**  
**Provider No 4257256T**

Jennifer is a senior Clinical Psychologist at A resolution who has over 12 years experience working within mental health and counselling services in Perth.

Jennifer is passionate about working with children, teens and adults with a wide range of concerns about how they feel or behave. Jennifer can work one on one, in dyads, groups and families.

Jennifer became a psychologist because she enjoys connecting with people to help them work towards their own mental health and well-being goals. She is passionate about supporting people of all ages to overcome obstacles they may be facing, and to assist them to live the life they want to be living.

Jennifer has developed her skills and expertise over the past 12 years providing psychological services in a range of settings including a youth and family counselling service, family and domestic violence service, Child Witness and Victim Support Services, employee assistance counselling program (EAP), critical incident response service, paediatric and adult eating disorder services (outpatient and inpatient settings), adult inpatient mental health unit, Princess Margaret Hospital, Community Adolescent Mental Health Services (CAMHS) and in private practice. Jennifer’s experience also includes working extensively with children in care, their families and foster carers through the Department for Child Protection and Family Services, as well as working with children and their families going through Family Court proceedings.

While working at CAMHS, as well as the other child and youth focused services Jennifer has gained experience working with children, young people and their families presenting with depression, anxiety, adjustment disorders, eating disorders, obsessive-compulsive disorder, trauma, self-harming behaviours, suicidality, phobias, relationship issues, anger and aggression, domestic violence, risk-taking behaviours and more.

Jennifer is highly skilled at working with parents and caregivers around a range of issues including navigating the transition to parenthood, managing their child’s behaviours and emotional concerns, family breakdown, adjusting to life as a step-family, adoption and fostering, and attachment and bonding issues. Jennifer is trained in a range of parenting programs and is able to apply the strategies from these programs to provide 1:1 tailored support.
