

**Megan Moussa**  
**Title: Senior Psychologist**  
**Provider Number: 4532093F**

Megan is a Senior Registered Psychologist who is passionate about working with children, teens and adults with a wide range of emotional or behavioural concerns.

Megan developed her skills working with adults working alongside doctors in a busy GP centre in Rockingham. Megan has well developed skills in helping clients with anxiety, depression, anger, sexual abuse, grief and loss and communications problems.

In addition to working with GP’s under the better access to mental health plan, Megan is an experienced School Counsellor helping children and teens with anxiety, depression, school issues, bullying, exam preparation and more. Megan’s experience also includes completing educational assessments, vocational assessments and supporting clients with workers compensation claims to promote safe and suitable return to work outcomes.

Megan has worked as a rehabilitation consultant for return to work injuries and early intervention consultation at the Autism Association in WA.

Megan looks forward to meeting new people and recognises that every individual deserves the space and opportunity to enrich themselves to create positive change.

**Megan is passionate about working with patients with these issues!**
